16, 000

Partners:

GB-EPA and Rakaposhi Rural Support Organization, Ghulmit Nagar .

Project Location:

Union Council Ghulmit Nagar.

Project Details:

This Union Council has some famous tourist spots and base camps where a number of national and international tourists visit. The Union Council Ghulmit Nagar receives a significant amount of solid waste affecting the aesthetic natural beauty of the area therefore a sustainable solid waste management is its basic need to protect the natural environment.

Twenty five waste bins have been installed in bazars, schools, tourist points and community areas. Waste is collected on daily and weekly basis, hauled to dumping sites by the community provided by the same funding. Pits for solid waste dumping have been dugged in the union council on basis of population density, tourist flow and cluster of solid waste bins installed. Community has contributed in the shape of cash and kind and operating the Project on volunteer basis.
